

MINDS MATTER
SOUTHERN CALIFORNIA

GET INTO COLLEGE. MINDS MATTER CAN HELP.

At Minds Matter Southern California (formerly Minds Matter Los Angeles), we know you're a high achiever. Your grades are good, you do well in school while juggling all the other things you have going on in your life, and you may even have some big dreams. College. A career. Financial stability. Taking care of your loved ones.

What you may not have are the resources, support, and knowledge of how to start on that future. That's where Minds Matter comes in. **100% of our graduates have been accepted to college with scholarships.**

We'll connect you to the people, preparation, and possibilities to succeed in college, create your future, and change the world. And the best part is **Minds Matter is free to you and your family.**
