MOST POPULAR SERVICES

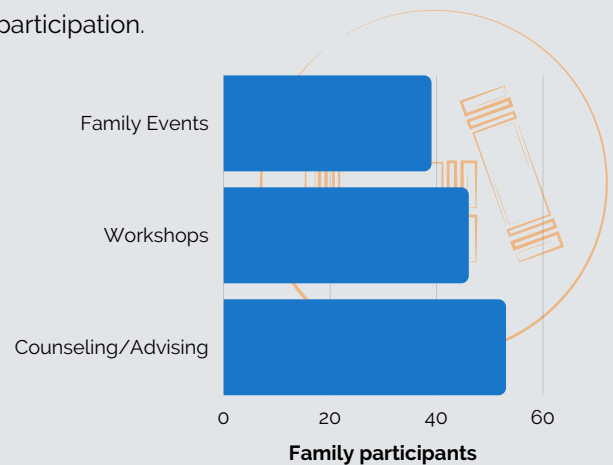

About 407 Panorama students, or 91% of the freshman class, received GU4LA services last year, increasing their college and financial aid knowledge and boosting their leadership skills. The most popular services last year were counseling & advising and workshops.

FAMILY PARTICIPATION

Our dedicated Parent Education Support Assistants (PESAs) are committed to engaging our families and informing them about the resources available not only for their children but also for themselves.

We take families on college tours, hold interactive career workshops, and inform them about the affordability of college through Cash for College workshops. This year, we hope to extend our services to even more families. Below are some of the services that received the most participation.
