

THE GU UPDATE: TEAM FREMONT EDITION

Spring 2022

The Fremont GEAR UP 4 LA team is eager to continue serving the students and families of the ninth-grade and 10th-grade Pathfinders within our John C. Fremont learning community. Our goal is to ensure the classes of 2024 and 2025 have developed a college and/or career path by graduation day. Through academic advising, college visits, empowering workshops, parent field trips, dual enrollment courses, mentoring opportunities, and more, we will continue to assist our Pathfinders with creating a blueprint for their success.

ACCOMPLISHMENTS August 2021 to December 2021

- One-on-one student counseling and advising
- Small group advising
- College/career readiness student workshops
- BSAP and ARC campus partnerships
- SEL motivational guest speakers
- CTE college visits
- Peer mentor program
- Parent Workshop Wednesdays
- Monthly Meet Up with GEAR UP Parent workshops and advising
- Fun Fact Fridays career events
- College and career events
- Tutor.com support

Spotlight: Career Exploration

"I CAN BE ANYTHING"

Working in conjunction with the various programs and counselors on the campus – ARC, BSAP, Newcomers, A-G, and SLCs – we hosted several events to expose students to numerous career paths and facilitated hands-on exploration of vocational professions. Industries targeted this semester included art, culinary, construction, and entrepreneurship.

THE GU4LA IMPACT

AUG. 19, 2021-DEC. 31, 2021

STUDENT ENGAGEMENT

CLASSES OF 2024 & 2025

UNIQUE GU4LA STUDENTS SERVED

HOURS PROVIDED

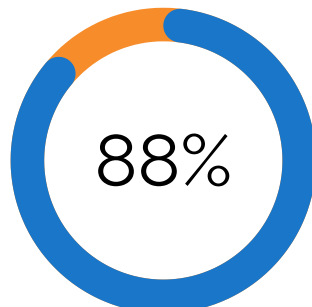

About 968 GEAR UP students at Fremont received, on average, 1.83 hours of GU4LA services during the fall 2021 semester, increasing their college and financial aid knowledge and boosting their leadership skills one service at a time.

SERVICE HIGHLIGHTS

Our most successful service was student workshops, with an **88%** participation rate. Through in-class and pull-out presentations, students received valuable information on high school graduation requirements, the four systems of education, transcript analysis, and self-advocacy. College and career workshops were also instrumental in encouraging students to explore their different pathways options.

WORKSHOPS

954 PARTICIPANTS

FAMILY ENGAGEMENT

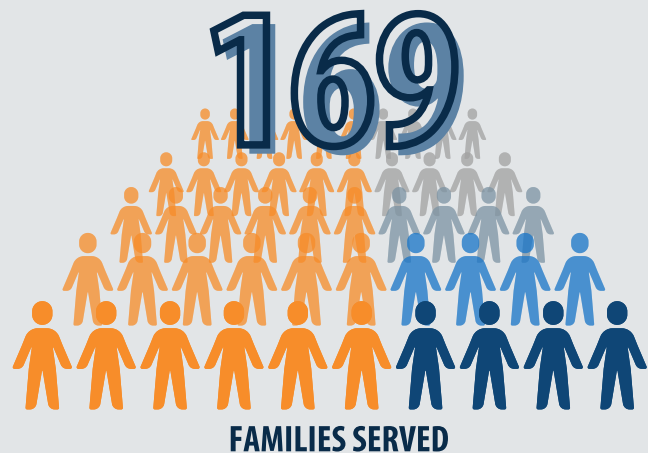

Our team dedicated their time to engaging GEAR UP families at Fremont by informing them of the resources available, not only to students, but for parents as well. We held parent workshops, family events, and provided

academic advising/counseling and other resources for our Fremont families.

FAMILY PARTICIPATION

We provided, on average, 1.3 hours of service to 169 families through family workshops, academic advising, college and career awareness, and financial literacy.

Through the various services we provided, we shared valuable information and built community and relationships with our families. Academic and social-emotional support was extended, and connections were made along the way.
